“*The wonders that Philip Foster has done with my voice in a year – literally and metaphorically - cannot be overstated. He has been a joy to work with in the studio, and the journey we have taken together has been one of the most honest, supportive and organic experiences of my artistic career. Working with Philip has been hugely freeing and empowering. Intuitive and generous, he knows how to bring out the best in you, encouraging you always to remain authentic, brave and positive. JULIE MULLINS – TV, THEATRE ACTOR

“*I had a terrible car accident when I was young and suffered from frequent dizzy spells and lack of stamina. Philip started coaching me three years ago and I was a total novice. After fifteen minutes, I used to have to rest for a while because I felt dizzy. It was an uphill struggle and I don't know why Philip didn't give up on me. He is so patient and encouraging. Now, I can do two hours straight, six days a week when I visit London four times a year. It's amazing what he has done to my voice. Without Philip, I wouldn't have gone so far.*”
